Work Experience

Jan-26 - Present **Portfolio Management Club** Lisbon, Portugal
Investment Analyst
- Deliver weekly stock pitches and comprehensive asset coverage as an Investment Analyst, leveraging Bloomberg Terminals for fundamental equity research
- Utilize advanced Excel and PowerPoint skills to build financial models and professional reports, sharpening public presentation skills through weekly committee reviews.
- Conduct in-depth market research and engage in corporate visits to major banks to gain insights into institutional portfolio management.

Sep-25 - Nov-25 **Nova School of Business and Economics** Lisbon, Portugal
Project X Innovation Sprint 2025 (Team NOS)
- Only bachelor student selected to join NOVA SBE's flagship innovation sprint with NOS (€3.74B Entreprise Value, €615M EBITDA)
- Led market discovery and customer validation (11 interviews) to test demand for sustainable telecom services and refine product-market fit.
- Developed 8 data-backed strategic recommendations across different areas, balancing sustainability with long-term profitability and value creation.
- Presented final strategic and product recommendations directly to NOS executives, focusing on sustainability, scalability and profitability.

Jun-23 - Jul-23 **Savills Real Estate** Porto, Portugal
Internship
- Supported 23 client negotiations across residential and commercial real estate, executing 11 completed property transactions totaling €18.7M in aggregate transaction value, ranging from €850K to €3.2M per deal, gaining hands-on exposure to commercial strategy and deal structuring processes
- Analyzed 47 residential properties and 8 commercial assets, identifying €47M in identified investment opportunities through comparative market analysis, valuing net asset value and comparable transaction multiples across the luxury and mid-market segments
- Prepared bilingual (English/French) marketing and investment materials for 12 high-value properties and 3 institutional investor packages, resulting in a €2.3M fundraise from UK and French institutional investors for new market entries and expansion initiatives
